Dear Tony:

Although I pass Toppers' Camping Center every day, my first "visit" to your location was through the Internet. What a great Site!

When we visited Toppers, we were able to freely look at your wide variety of pop-up campers, then we were given the Grand Coleman Tour. The quality of a Coleman pop-up was evident. We received a great deal of attention from Tony, Jim, and Randy. Everyone was very helpful.

Just to be prudent shoppers, we did shop around. We found other pop-up campers, much cheaper. Yes, much cheaper in price, but also in quality. We talked with Coleman owners, and previous Coleman owners, who all highly recommended Coleman pop-ups.

So, we are back, and we are purchasing our Coleman pop-up from Toppers' Camping Center. I am sure we will be very happy with our decision.

Sincerely,

Ed & Pattie Clark
