Dear Tony,

We've finished compiling scores and comments from the recent 2007 MobileWealth Seminar attendees, and I wanted to share with you some of the results:

- Out of a possible 150 Points, you scored an amazing 147.5! That's a **98.33% approval rating**.
- By comparison, the overall seminar/speakers scored 85.77% - a good score, but your rating blows that away.
- You had more positive hand written comments on your presentation than any other speaker.
- On overall seminar comments, more people wrote in positive feedback regarding the field trip you lead, or had positive comments about your image, marketing and community building training than any other topics.

Some of my favorite comments by seminar attendees about your training included:

- **"Tony is off the chart! Mr. Enthusiasm! His message of building a sense of community and the dividends that pays was worth the entire course. Great information that can be practically applied."**
- "What can I say? Tony is one of a kind, a joy to be around."
- **"I want a Tony for myself!"**
- "Energetic! :-)"
- **"Brilliant. Homes, amenities, activities – so much genuine caring for all of us & such a love for the industry. Field trip was so fun!!!"**
- "Excellent! Informative, funny, passionate"
- **"So full of energy – Enthusiastic, passionate, such a fine man. When I grow up I want to be just like Tony."**
- "Tony the Tiger is great, an inspiration and such a great presenter."
- **"Personality off the scale – Information extremely useful & simple to apply."**

I'd plan to send a memo on overall seminar comments. As noted, many explicitly mentioned you, the field trip or your topics, and how great they felt the seminar was – how useful, etc.

Thanks for making the seminar a success and a big hit for our attendees!
